A WOMAN'S GREAT IDEA

A WOMAN'S GREAT IDEA
is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a boon to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure health, smooth, velvety skin, lovely complexion, good health. Try them. 50c at Z. C. M. I. Was it Insured?

Everybody asks this question after a fire. The next question, which is just as important, "What company?" nobody asks. The property owners of America pay annually \$300,000,000 in premiums for fire insurance, but not one in ten knows even the name of the company whose policy may be his only asset in case of disaster. Do you know? If not, what an astonishing state

of affairs for an enlightened business-like American citizen. If you do know the name of the company, what do you know of its standing or its reputation for fair dealing?

The Hartford Fire Insurance Company, of Hartford, Conn., for 100 years has paid promptly every just claim-in all, more than \$130,000,000. When next you insure, get a "Hartford" policy.
